

# Hey Kids!

## You can win a prize & make a difference!

Can you help our families know smoking in the car when you are inside can potentially cause serious health problems in your future?

Can you create a poster that will inform others about this issue with a positive message?

If you said YES I CAN, then enter the  
***Smoke-Free Cars = Healthy Kids*** Art Contest today!!

You could win up to a \$100.00 Gift Card and your artwork featured in a media campaign.

### **SMOKE-FREE CARS ARE FOR ME!!**

What's so great about a Smoke-Free Car? It protects your health & the health of all your `ohana.

- ❖ It eliminates the harms of secondhand smoke, which negatively affects children and adults with lung disease such as asthma, COPD, and other problems like heart disease.
- ❖ It reduces toxic litter. Cigarette butts and tobacco packaging are the number one litter problem we had on our roads.
- ❖ It sends the right message-that tobacco use is not a healthy choice. Everyday 3,000 youth become new tobacco users.

**Winners will be Announced and Awarded at the GREAT AMERICAN SMOKE OUT, Saturday November 19<sup>th</sup>, at the MAUI MALL from 9am – 1pm**

**Submission must be received by Tuesday, November 1st 2011 at 4:00 p.m.**
