

Kaua'i

Need Your Assistance!

Tobacco-Free Kaua'i, in an effort to be innovative as well as keeping the earth green and butt-free, is launching a project to collect and recycle glucose testing strip bottles. TFK will convert the bottles into mini butt-keepers to help reduce litter.

If you or anyone one you know is a diabetic or periodically tests their glucose at home, please ask them to save their empty glucose testing strip bottles (any color, any size) for Valerie Saiki, coalition coordinator of Tobacco-Free Kaua'i. Contact vsaiiki@tobaccofreehawaii.org for information on dropping off the bottles.

The Results are in...

Tobacco-Free Kauai would like to welcome the new 2012 Executive Committee: John Hunt (Dept. of Health) as Chair; Sean Childers (Ho`ola Lahui) as Vice-Chair; and Susan Oshiro-Taogoshi (American Cancer Society) as Secretary. Congratulations and cheers to a fantastic 2012!
